

Registered Nurse Program

School of Health Sciences

CSN
COLLEGE OF
SOUTHERN NEVADA

A Registered Nurse focuses on the care of the sick, injured, dying, and the promotion of healthy living. The demand for qualified nurses is very high with many career opportunities for registered nurses. Many nurses find rewarding careers outside of traditional hospital settings as the health care industry becomes more complex and specialized. A nursing career allows for flexible work schedules and excellent incomes.

Our Registered Nurse Program* offers Licensed Practical Nurse to Registered Nurse (LPN to RN) and Registered Nurse (RN) Degrees to prepare students for this care. Nurses use knowledge from other scientific fields and the latest research to care for patients. They are concerned with the whole person; providing for the physical, mental and emotional needs of their patients and are truly patient advocates. This is a limited-entry program. After the completion of the required coursework students will be eligible to take the National Council Licensure Examination

for Registered Nurses
(NCLEX-RN®).

Upon completion of either Registered Nurse Program emphasis, you will receive an Associate of Applied Science Degree

*Accredited by the Nevada State Board of Nursing and the National League for Nursing Accrediting Commission

The Nevada Nurse Practice Act (NRS632.270) requires that candidates for licensure be (1) of good moral character (2) in good physical and mental health. Prospective students are advised that if they have been convicted of a felony prior to admission to the program, they may be precluded from subsequent licensure to practice as a nurse in Nevada (NRS632.320).
