

**CERTIFICATE OF ACHIEVEMENT**

This program provides education and training to prepare students to work in a hospital or retail pharmacy setting under the direction of a registered pharmacist. After successful completion of the program pre-requisites and admission into the program, the student will complete one semester of program coursework taught primarily on-line followed by a one semester practicum in one or more Las Vegas area clinical/retail settings. At the completion of the program, the student will be eligible for certification as a Pharmacy Technician by the Nevada State Board of Pharmacy and for employment in the pharmacy industry.

A limited entry program. Students must attend a health programs orientation and meet with a health programs advisor for additional counseling on program requirements and coursework timelines.

**STUDENT LEARNING OUTCOMES** - Graduates of this program will have the opportunity to

- Demonstrate competency in pharmacy math, pharmacology, and pharmacy techniques/procedures.
- Demonstrate competency necessary for certification as a pharmacy technician.
- Demonstrate skills and abilities necessary to gain employment as a pharmacy technician.

PHT C02

Students may elect to graduate using the degree requirements in effect at the time of matriculation, or when they declared or changed major or the current catalog. If a program is official after a student has matriculated, the student may choose the degree requirements of the new program. In no case may a student use a catalog which is more than six years old at the time of graduation.
