Online Teaching & Learning Certficate of Completion

PROGRAM DESCRIPTION

- A comprehensive professional development program born from the series of online professional development courses offered by CSN's Education Department.
- The online program recognizes and certifies students who have achieved a measurable level of knowledge related to online course design, pedagogy, instruction, and other aspects related to online teaching and learning.

WHO SHOULD ENROLL?

- Individuals with experience in online education and those who seek additional training, including teachers, home-schoolers, college faculty, administrators, educators from training institutes, and staff members interested in making online teaching an important part of their academic careers
