

Phlebotomy for National Healthcareer Association (NHA) Certification

Advisement Sheet

Certificate of Completion (6 credits)

Spring, Summer, and Fall

The CSN Phlebotomy for NHA Certification program is a Selective Entry Program; therefore, all application qualification requirements must be completed by the application deadline in order to be eligible for consideration.

The Medical Laboratory Program will be responsible for managing the selection process. An admission committee will be responsible for selection of students. Qualified applicants will be placed in a selection pool. Each applicant in the selection pool will receive a unique identifier. The unique identifiers will be randomized and placed in sequential order until all qualified applicants have been placed in rank order. Selection of accepted applicants will proceed starting with the first applicant and continuing in sequential order until the course is filled. The committee will determine the number of randomized applicants accepted each semester.

Qualified applicants must:

- Have a high school diploma, high school transcript, GED equivalent, OR unofficial college or university transcripts showing an AWARDED degree AND
- Have completed English 100 or higher with a minimum grade of C, OR scored 237 or higher on Next Gen Accuplacer Reading Test

Course	Title	Credits	Tech Prep	Min. Grade
English 100 or higher	Composition I or II	3-5	No	C

OR

Score of 237 or higher on Next Gen Accuplacer Reading Test

NOTE: Accuplacer Test must be completed no more than 5 years prior to the application deadline

ATTENTION: Collection of at least 15 live person venipuncture collections performed in a simulated clinical setting must be performed after successful completion of the 12-week phlebotomy lecture and laboratory portion of the class. This course is specific for obtaining the NHA credential.

Students pursuing MLT or MLS declared degrees must apply for admission to the Phlebotomy Skills Certificate (MLT/MLS Track) Program which includes CLS 151,152, and 153 phlebotomy courses.

IMPORTANT POINTS TO REMEMBER:

- Selection occurs: Three times per year
- Program Begins:

<u>Summer</u>	<u>Fall</u>	<u>Spring</u>
---------------	-------------	---------------
- Application Deadline:

March 1	July 1	October 1
---------	--------	-----------
- Applications Accepted:

Jan 1-March 1	May 1-July 1	Aug 1-Oct 1
---------------	--------------	-------------
- Maximum number of students admitted: Dependent upon space availability
- Proof of completion of program requirements and associated application documents must be submitted to the Medical Laboratory Program no later than the application deadline.

Program Course: This is a specialized course within a health discipline and is restricted to students who have been accepted into the program. Program courses are subject to revision; this will not impact program admission.

1 Semester	
CLS 155 (phlebotomy lecture, laboratory, and clinical simulation)	6 credits
Total In-Program Course Credits: 6
