

The NSHE Gateway Enrollment & Corequisite Policy

Effective Fall 2021, Nevada public colleges and universities will require all new, beginning students to enroll in the gateway college-level English and math courses required for their program/major within their first year of study. Some gateway courses will include college-level coursework only, while others will include the same college-level coursework along with corequisite instruction. Corequisite instruction delivers in-class, in-time support to ensure student success. While enrollment in courses featuring corequisite instruction will be open to all students, a qualifying test score may be required to enroll in courses without the corequisite support. The chart below contains an overview of gateway and co-requisite courses and does not replace an advisor's recommendation.

| | English Gateway Course | OR | English Gateway Corequisite Course | OR | Math Gateway Course | OR | Math Gateway Corequisite Course |
|---------------------------------|------------------------|----|------------------------------------|----|--|----|---|
| Liberal Arts & Education Majors | ENG 101 (3 units) | | ENG 100 (5 units) | | MATH 120 (3 units) | | MATH 120E (3 units) + MATH 20 (2 units) |
| Business Majors | ENG 101 (3 units) | | ENG 100 (5 units) | | MATH 124 (3 units) | | MATH 124E (3 units) + MATH 24 (2 units) |
| STEM Majors | ENG 101 (3 units) | | ENG 100 (5 units) | | MATH 126 (3 units) | | MATH 126E (3 units) + MATH 26 (3 units) |
| CSN Health Program Majors | ENG 101 (3 units) | | ENG 100 (5 units) | | See Health Programs Advisor for Math Requirement | | |
| Non-transferable Degree Majors | ENG 101 (3 units) | | ENG 100 (5 units) | | MATH 104B or MATH 116* See advisor | | |
| English Language Learners (ELL) | ENG 113 (3 units) | | ENG 110 (5 units) | | See Major for MATH requirement | | |
